MANUAL

THE ENERGY SOLUTIONS COMPANY

Save money by joining hundreds of churches, schools and non-profits paying **"below market"** group rates for energy.

✓ **Industry Expertise** ✓ **Skilled Negotiations** ✓ **Trusted Leadership**

"Champion Forest Baptist Church has been using TES Energy for many years to negotiate our energy contracts. They have saved us tens of thousands of dollars each year on electricity. One of the biggest pluses is I used to run around trying to figure out who to sign with and when. It became quite stressful. Now when the market is right, TES gives me a call and lets me know it's time to sign and this is who you need to sign with. They handle everything for us. I would recommend them to any organization. They are great people to work with!"

- Randy Barnett
Director of Facilities, Champion Forest Baptist Church

From the Director

Some of you will remember the Bell Telephone Directory from years ago. We would pull that huge book out to thumb through it and find a business that could meet our needs. Today, we have Google and the many forms of technology to assist us in locating a business. However, once we locate the number, we still need to know if the business is a legitimate one that will meet our needs.

Because the CO+OP understands your need to quickly access a source that has already been vetted and understands ministry, we bring to you the 2022 Approved CO+OP Vendor Resource Manual. Inside this edition, you will find more than just our Vendors' ads — you will also have the opportunity to learn about our Vendors and Ministry Partners with additional information they have provided. The Vendors are listed in alphabetical order for easy access.

You will notice we have included some new Vendors such as Cunningham Recreation on page 18, and Ministry by Text on page 30 (ad on page 9). Total Recreation, who has served you for years, has joined Cunningham Recreation; they are ready to serve your Game Time needs. You will hear much more about Ministry by Text (MBT) in the days ahead. We are thrilled that both organizations are available to serve your ministry by saving you time and money.

We continue to add vetted Vendors that are relevant to our members' needs. If you do not see a vendor you are looking for listed in this issue, do not hesitate to call our office at 832.478.5131. We may be in the middle of vetting the very vendor you are looking for. Our goal is to save you time and money. If you are currently using a vendor that is not listed in this manual, please let us know that too! We will strive to save you additional funds.

As the testimonies come in, we like to pass them on to you. You can capture them on page 7. If one of the quotes is not from you, we would love to add yours to the list. Our Marketing Team is shooting videos of testimonies and would love to capture your experience — just let your Relationship Manager know that you are willing to share.

In the meantime, find that quiet place, grab that cup of java, and enjoy learning more about CO+OP Vendors.

Connecting People and Resources

churchco-op.org

Mission

The CO+OP connects churches, schools, and nonprofit organizations with reputable vendors and resources to save time and money on products, services, and education.

Purpose

We achieve our Mission by...

- Saving members time by screening prospective vendors
- Saving members money by pre-negotiating discounted rates with vendors
- Securing reputable vendor resources that bring value to member organizations
- Connecting members with vendors and cultivating mutually beneficial relationships
- Acting as a liaison and advocate in time of need
- Providing relevant educational opportunities at a reduced rate through the annual Texas Ministry ConferenceSM
- Providing professional networking experiences
- Providing tools to help members in their ministries

Learn more about the CO+OP at churchco-op.org or call **832.478.5131**.

Texas Ministry ConferenceSM

TexasMinistryConference.org

The purpose of the Texas Ministry ConferenceSM is to provide tools and resources for those who serve in churches, schools, and nonprofit organizations. This includes both people in leadership who drive the vision and those who support them such as employees; committee, lay, council, and session members; elders and volunteers.

We do this at our annual conference by offering affordable training, educational workshops, quality vendors and sponsors, networking, fellowship, and encouragement.

The Texas Ministry ConferenceSM is held the third Thursday of each February.

Learn more about how you can benefit from attending this conference at TexasMinistryConference.org or by calling **832.478.5131**.

Metro Salary Survey

"We love the one of a kind salary survey produced by CO+OP"

Testimonials

"I appreciate the emails for special CO+OP offerings."

"Great CO+OP!"

"Thank you for your support! I was telling someone recently that I enjoy knowing my vendors are supported through the CO+OP. I feel that if I have issues, I at least have someone that supports me."

"The CO+OP has a ton of resources for any ministry"

"I have enjoyed all that I have been in contact with. The prices with ODP thru the CO+OP keep me coming back."

"We appreciate the CO+OP!"

"This church was not participating in the CO+OP before I started working here. We got into it as soon as possible afterward. Really saves money for the church! "

"You all are doing a wonderful job with providing specialty vendors. Nice choices! Thank You!"

"Of our vendors I am familiar with I am very pleased with their quality and services."

"I appreciate CO+OP vendors because I feel the CO+OP does a great job vetting these vendors and communicating their value to the churches (including mine!)"

"Love the long term relationships with the CO+OP team!"

APS Building Services has been providing turnkey commercial HVAC and mechanical solutions to fit our clients' specific needs since 1983. We opened our Houston location in 2003. The Houston division was purchased in 2014/15 by Russell Griffin, who worked for our original founding company.

APS's services are provided through our multiple divisions:

- HVAC service, Preventive Maintenance Programs, replacement and retrofits of units, HVAC buildout construction
- Mechanical Division (Plumbing Service Division, construction buildout for HVAC and plumbing), piping and custom metal fabrication
- Building automation and controls

Our employees are certified HVAC and plumbing technicians.

APS is currently the fastest-growing Commercial Mechanical Contractor in the Houston/Metro area, and now has one of the largest (if not the largest) fleets of commercial technicians that can serve as single-source providers for mechanical needs.

In less than two years the company has grown over 400%, and we have invested in a new location, which includes a welcoming place to bring in clients for training, a new fleet, and state-of-the-art technology for our technicians in the field. We have also invested in APS's corporate infrastructure, enabling us to maintain the service levels our customers have become accustomed to, as well as accommodate the company's anticipated growth.

Customer service is what has been the driver behind our phenomenal growth; in fact, we do not have a sales staff that concentrates on business development. Customer service is one of the core values that we stress day in and day out to our employees, and our culture revolves around it. We have been very diligent in our efforts to maintain what we believe

to be the "Best in Class" customer service that we founded our company on, and to maintain and even improve on it while we have grown to where we are today. In our office we have a very large sign that everyone sees daily that reads, "Service is the lifeblood of any organization." Everything flows from and is nourished by it. Customer service is not a department at APS—it is an attitude.

APS has a dynamic family atmosphere which includes our employees' families, creating a buy-in from everyone and making for an enjoyable work environment and very little turnover, which is rare in our industry. We host regular catered lunches quarterly for employees and give away trips, gift cards, etc. We recently had a fun barbeque cook-off among our employees out in the countryside, where kids were able to compete in a fishing tournament or play on inflatables while the adults competed over the grills. This quarter we have rewarded all of our technicians with guided fishing trips that take four people at a time stretching out over two months for fun, relaxation, and team bonding. We take care of every individual on our team, and the team knows that we are there if they ever need us professionally or for personal matters that they may want help with.

We have experience working with churches and non-profits, including Champions Forest Baptist Church, Bay Area Christian Church, and YMCAs in the Houston area.

At APS we operate 24/7 to meet our customers' needs. Our office hours are 7:00-4:00. We have a 24-hour phone number that will put our clients in direct contact with a representative at all times.

APS Building Services' Northwest Houston office is located at 11050 West Little York Road, Houston, Texas 77041. The Houston office was purchased from Air Performance, located in Dallas, in 2015. Air Performance has a Dallas/Fort Worth location and a Longview, Texas, location as well as locations in Austin and San Antonio. Although we are a totally separate entity now, we work hand and hand with Air Performance on certain projects and remain in close contact with them. They are an excellent resource for commercial mechanical needs in their area.

Who We Are

APS has a mission: to make payroll and HR easier. We offer more than just intuitive HR and payroll technology for mid-sized churches; we are your workforce partner who understands your specific needs.

From the first conversation, we have a vested interest in understanding your payroll and HR needs and how our system can best solve those issues. You'll collaborate with APS experts who understand your challenges and goals to help you maximize usability. You'll also work with a dedicated support team that is available to help with day-to-day inquiries, answer system questions, and resolve application issues.

We have a responsibility to help you realize your return on investment, strategizing with you to ensure the efficiency and adoption of our platform. Our automated system works to keep you focused on your church's mission and future growth. We are APS, your workforce partner.

How APS Payroll Helps Churches

- Special taxation management, including minister's housing allowance and ordained ministers' earnings
- Classification and labor tracking of varied employee types such as weekend musicians and childcare workers
- Management of multiple departments and campuses to centralize HR workflows
- Integrations and exports with church-specific accounting systems like Sage Intacct and Blackbaud to streamline payroll and finance data

Big State Electric, Ltd

Big State Electric specializes in electrical construction, tele/data, security, and 24/7 electrical services. We provide a complete and value-based approach with design/build capabilities to all service and construction projects. Our scope of work covers a broad range of projects including but not limited to commercial, industrial, medical, high-tech, educational, municipal, and institutional. Big State Electric's Facilities & Service Department works with our customers, owners, and partners to ensure their emergencies are met with a rapid response in order to reduce downtime and negative effects on productivity.

Big State Electric has over five decades of proven experience in safely completing projects under budget while also meeting the owners' technical requirements. Our services include:

- Electrical Services, Maintenance, and Preventative Maintenance Services
- Emergency Power Systems
- Complete Systems Analysis, Including NFPA 70 E Compliance
- Energy Analysis — observation of systems to ensure customer is getting the best direction for lowering the building systems cost to operate
- 24-hour Emergency Service
- Infrared Scanning
- Catastrophe Relief
- LEED Certified Staff Members
- Lighting and Power Systems Analyses
- Medium Voltage Distribution
- Grounding and Bonding Services
- Duct Bank Services
- Lightning Protection Systems
- Low Voltage Systems, Including Fire Alarm, Structured Network Cabling, and Access Controls

Buckeye Cleaning Centers

Buckeye Cleaning Centers is a supplier offering an extensive line of high quality cleaning and maintenance products, equipment, and a wide assortment of custodial supplies. Buckeye manufactures the Buckeye line of cleaning/maintenance chemicals, Symmetry hand hygiene products, Reflections gym floor care products and Gateway can liners. Each product is designed with quality, innovation, and integrity in mind. We also ally with manufacturers to distribute paper, mops, mats, and pads, making us a one-stop shop that provides all custodial supplies for your facilities.

One of Buckeye's biggest breakthroughs was the development of patented Liquescent technology. This water-based technology strengthens the cleaning power of Buckeye products and replaces hazardous chemical ingredients. This has helped Buckeye to manufacture effective products that are environmentally friendly and safe for the user.

Our cleaning centers pride themselves on providing superior customer service. Buckeye customers receive professional support and training that promote human health and environmental safety, and save 20-50% following our standardized cleaning and maintenance programs. Customers can place orders 24 hours a day using our online ordering system, www.buckeye.biz. We customize programs for each of our clients' needs, also offering them the ability to view all of the products we distribute from our warehouses. The site is built into our data entry system, allowing our customers to see their order history, payment history, and order tracking.

The Buckeye Cleaning Center sales force is factory trained in the Buckeye line of products and receives support from other manufacturers' representatives. Our school/government specialists are well versed in identifying customer needs and provide training with the correct procedures for their staff. Our salary-based sales reps provide training and product knowledge to help our customers save labor and product dollars through our patented chemistry. Our cleaning centers provide service, quality products, and cost savings to our customers. The Buckeye Cleaning Center has established a reputation for providing products of superior performance and safety as well as an unparalleled commitment to customer service.

Buckeye has a proven track record of service to churches and non-profits, including Fallbrook Church, Sugar Creek Baptist Church, Goodwill Houston, and Sugarland First United Methodist in the Houston area. And we are a member of the Better Business Bureau with an A+ rating.

Founded in 1844, Buckeye has grown to a nationwide presence of 30 locations. In Houston, we are located at 16420 West Hardy Road, Suite 150, Houston, TX 77060. Please contact

CFAC Mechanical

Champion Forest Air Conditioning and Heating (CFAC) brings 30 years of industry experience to your organization. Over the past two years, they have broadened their automated controls division through the leadership of their owner and president, Ken Davis, and the support of the Church CO+OP.

After installation of this state-of-the-art controls technology, support staff off the premises is able to log on to the program to differentiate temperatures and identify mechanical break-downs, saving you both time and money. It also helps facility managers with time efficiency and comfort control, while eliminating erroneous service calls to the mechanical service provider.

In support of the commercial maintenance agreements, the CFAC management team works with facility managers and church boards to create an equipment service plan, allowing funds to be allocated before repairs are necessary.

With customer service and Christian ethics as guiding principles, CFAC has become a preferred HVAC service company to many religious organizations across the Houston metro area. For more information, please contact them through email at belinda@cfacservice.com or visit them online at cfacservice.com. CFAC can be reached twenty-four hours daily at 281.350.2665.

CFAC Mechanical

"The Mechanical Contractor for Houston Churches and Non-Profits"

Outstanding Service Including:

- Custom maintenance agreements
- No overtime with contract
- Available 24/7
- Maintenance, Repairs & Replacement for Split Systems, Chillers and Boilers
- New construction and remodels

Core Benefit Services, Inc.

The Solution to the Puzzle

At Core Benefits, we've created a respected firm that specializes in putting people first. Our goal is to provide you with unbiased, expert, and thoughtful guidance through common Core values. We strive to recommend strategies for your church and business that are designed to foster happy, healthy, and productive employees while meeting your financial goals and ministry budget.

Core has a team of dedicated Christian agents working hard to assist you with your benefits and plan administration. Kim Whaley has been in the industry since 1991 and with Core for over 15 years. In her role as an agent and a Registered Health Underwriter, she has focused on understanding ACA regulations and what you need to do to stay compliant. Regardless of group size, Kim can design a program to meet your budget and employee needs. Plans

offered include medical, dental, vision, life, and disability, and many can be offered on a voluntary, employee-paid basis.

Services Include:

- Plan Design
- Plan Administration
- Claims Management
- Employee Benefits Education
- Assistance with Compliance Documents such as IRS Section 125 and ERISA
- Partner Vendors for Human Resources and COBRA Administration

Cunningham Recreation has been providing commercial playground equipment and park products since 1966. From neighborhoods to municipal parks, we've built thousands of playgrounds for children of all ages and all abilities. We partner with municipalities, schools, architects, churches, and youth organizations to plan, design, and build their vision from the ground-up. We build memories that last.

Cunningham Recreation is proud to serve as GameTime Play Equipment's exclusive representative in North Carolina, South Carolina, Virginia, West Virginia, Arkansas, Kansas, Missouri, Illinois, Oklahoma, Tennessee, Iowa, Nebraska, North Dakota, South Dakota, Delaware, Maryland, DC, and NOW the great state of Texas.

- Playground Equipment
- Sports/Fitness Equipment
- Custom Theme
- Custom Design
- Safety Surfacing Materials
- Shade, Shelters, and Pavilions
- Site Furnishings
- Bleachers, Press Boxes, and Scoreboards
- Press Boxes
- Water Play

The expansion into Texas was occasioned by the retirement of Bryan and Kelly O'Conner, who previously represented GameTime in Texas as Total Recreation Products (TRP). All team members from TRP have joined Cunningham Recreation to provide knowledgeable service to customers.

Make Your Church More Inviting

When people see that your church has a nice commercial playground, they'll know that your facility is welcoming to kids - and probably already has a strong youth program. Families look for this, as they want to know there will be activities to keep their children busy.

Grow Your Base of Younger Church Members

Many churches today struggle with attracting young families because they're often busy with sports, work, and family. However, young families are essential to church congregations, as they bring a fresh perspective to religion. By increasing the number of young members at your church, you can also expect more participation in family events, as well as more volunteers.

Enhance Your Church's Youth Program

Youth programs strengthen young people's identities and can help kids gain self-confidence and self-esteem. To create a rewarding youth program, you'll need a variety of activities such as picnics, team building games, and retreats. By having a safe, accessible commercial playground, you can host a variety of activities.

Create a Safe Environment for Families

Whether it's during mass times or other meetings and events, having a playground gives families a safe place to go. Be sure to add park amenities that will keep everyone comfortable, such as benches, picnic tables, and shade structures. These amenities will be a wonderful way to encourage fellowship among church members.

Bring Church Lessons to Life

Kids have trouble sitting through long church sessions, so it's important to find creative and engaging ways to teach Bible lessons. Having a playground allows youth group leaders to take the kids out to play during discussions. They can act out stories from the Bible and participate in group activities.

Cunningham Recreation can help you design an engaging playground for your faith community. We can help you choose the perfect commercial playground equipment and amenities to accommodate families and children of all ages and abilities. This one investment can help you grow your community and appeal to more young people.

Both Cunningham Recreation and GameTime are considered leaders in the playground industry. Why not partner with a leader? Our research, design principles, innovative products, and available resources are at your disposal. We look forward to working with you.

800-438-2780 | www.cunninghamrec.com

Imagination is our business.

We are much more than the traditional post and platform playgrounds your grandfather played on. From design to installation, our team of experts can help you create the perfect play and recreation space. If imagination is our business — *imagine what we can do for you.*

Total Recreation Products (TRP) *NOW* Cunningham Recreation, same great service, familiar faces and innovative products — representing GameTime since 1966.

Daily Java

Why do our customers choose us? We know churches! A church is not a typical office or café. We are called the “Church Coffee House Experts” for a reason. We know the market and what works and what doesn’t. We understand a church café has a greater purpose. The success of a church’s coffee program directly affects the fellowship and sense of community the church enjoys. We understand your needs, vision, budget, and desire to attract and retain younger members into your community. There are basic DOs and DONTs that every church or school should follow. The Daily Java literally wrote the book on these, and we make sure our customers get what is best for them, not what someone wants to sell them, so they are set up for success.

Our vision and core values guide our actions. Our vision is “Build a Community One Cup at a Time by Enabling Others to Make a Difference in the World.” This vision is supported by our core values of:

- Building a COMMUNITY through fellowship
- Being PASSIONATE about what we do
- Being EFFICIENT about how we do it and teach it
- Being EXPERTS at what we do

We believe these values encourage strong customer service. When we focus on making sure our customers are successful, it furthers our vision of changing the world through coffee.

To us, our churches are not just an invoice, but a link to bringing people to Christ through fellowship and community.

The Daily Java’s Coffee with a Purpose Program allows customers to provide great coffee and other products at a competitive price with the goal of building a culture

of generosity within their church or school. For a long time, churches have treated their coffee program as a must-provide free option. The Coffee with a Purpose Program helps create an environment of giving. We believe everyone can make a difference, and even a small coffee program can have a huge impact. It is this message and focus that separates The Daily Java from others, because we embrace our ability to change the world through coffee.

The Daily Java headquarters are located outside Dallas in Addison, Texas, and house not only our company offices, but also a warehouse, roastery, and showroom. We have worked with over 100 churches and nonprofit organizations in all 48 contiguous states.

DAILY JAVA & KING'S COFFEE COMPANY

COFFEE WITH A PURPOSE

- Specialty-grade coffee at special church prices starting at \$7.52/lb
- Equipment from top industry manufacturers

BUILDING A COMMUNITY ONE CUP AT A TIME

Through our Coffee With A Purpose Program, King's Coffee Company contributes a percentage of each coffee sale to Children's Hunger Fund charity.

By enabling others to make a difference in the world, we believe we can all make a difference.

WHY do Smart Church Solutions and eSPACE do what we do? **To assist organizations to be effective, efficient and intentional with the facilities they have been entrusted to steward.** That is what drives us, the undergirding of everything we do. Period.

Now, **WHAT** is it that we do? We have The ONLY ALL-in-1 Facility Management Solution on the market. These solutions include:

Event Management

Work Order Management

Life Cycle Calculator

HVAC Integration

The Most Comprehensive Suite of Facility Management Solutions

Event/Facility Scheduler

- Conflict Resolution – No Double Booking
- Spaces/Rooms (part of your facility)
- Services (needing human interaction)
- Resources (in terms of movable assets)
- Multiple Location Options
- Develop Customized Forms

- Only run your HVAC when spaces are actually being used
- Reduce energy consumption...and cost
- Increase staff efficiency
- Can work with other facility calendar software (visit www.espace.cool/integrations for more information)

Frost Bank

From our beginnings in 1868 as a small mercantile store in San Antonio, Frost has grown into a full-service financial institution with business and consumer customers across Texas. Our goal in the beginning remains our goal today: to help our customers meet their financial goals. We build long-term relationships with customers based on top-quality customer service, high ethical standards, and safe, sound assets.

Today, Frost is one of the largest financial services firms based in Texas. At a time when many banks are scaling back and shutting down branches, Frost is expanding. Over the past few years, we've nearly doubled the number of locations we have in the Houston region, all to better serve you.

To better serve the banking needs of government and nonprofit organizations, we have experienced specialists in each of the major Texas markets. Our public finance specialists will work with you to give you the attention you deserve. Our specialists get to know our clients' goals and needs, and then make recommendations based on the clients' long-term interest.

For more information, please contact one of the Frost Bankers below, or visit frostbank.com.

Jeff Nuckols, Relationship Manager, 713.388.1138

Traci Arellano, Relationship Manager, 713.388.1362

Rickie Bradshaw, Relationship Manager, 713.388.1455

BANKING. INVESTMENTS. INSURANCE.

We work together, so they'll work together.

We can provide you with the financing, guidance and protection you need—when you need it.

Visit us at frostbank.com or call (800) 51-FROST.

MEMBER FDIC

Generis®

**Accelerate Generosity Towards
God-inspired Vision**

Regardless of your ministry's size and scope, there is almost always a gap between your resources and your God-inspired vision. Generis exists to help close that gap by partnering with church leaders to develop a thriving culture of generosity in their church — a culture that is discipleship driven, biblically rooted, inspires mission impact, and funds your God-inspired vision for years to come.

By taking biblical principles, stewardship best practices, and over 30 years of experience plus your church's unique DNA, we build a plan that fits your culture, inspires your givers, and accelerates generosity in your church.

GENEROSITY SOLUTIONS:

- Capital Campaigns
- One Fund
- Coaching + Development
- Generosity Assessment

WHAT LEADERS ARE SAYING

"We've been blessed by working with Generis on a capital campaign and multiple generosity initiatives. Seeing our members grow in generosity has been amazing year after year. Our consultant knows us, our culture, and does not provide a one-size-fits-all approach. It's been a great fit, and I look forward to a continued partnership".

CHRIS CAMPBELL, LEAD PASTOR FIRST PRESBYTERIAN CHURCH ARLINGTON

"If it had not been for Generis, there is just no way that we would actually have a church today that is still taking ground, that is growing, thriving, and moving in our city."

ALLEN KENDRICK, LEAD PASTOR VIVID CHURCH

Health Insurance Solutions

We are your Medicare concierge!

Choosing a Medicare plan is a big decision.

With so many different types of plans being offered, the process can become overwhelming. It's important to work with the right agent – someone who can guide you through the Medicare maze and help you find the plan that will be the right fit for you.

Your needs come first.

We are a Christian business and see our work as a ministry. We strive to provide the personalized service that each client needs and deserves. We can help churches reduce premiums by offering alternative Medicare plans to eligible staff members.

Our goal

Our goal is to do what is right for each client. We limit ourselves to quality carriers who have shown a tradition of strong commitment to the Medicare market. We provide over 30 years of insurance experience and never charge any fees. In addition to helping individuals, we also offer educational Medicare presentations to churches to assist their staff with enrollment decisions.

What you can expect from us: Integrity, Expertise, and Christian Ethics

When we meet, we will help you:

- Understand your plan choices
- Get answers to your questions
- Choose a plan with confidence

Health Insurance Solutions

Your Medicare Concierge

- Free Consultations
- Free Educational Workshops
- HR-Support
- Medicare Made Clear

"You always do such a great job and I have always received excellent feedback regarding your service that I cannot help but make the referral." - Shelly K.

High Access Solutions

High Access Solutions was founded in 2008 and is a full-service compact aerial lift rental company and high access service provider. Our company motto is "Our Lifts Go Where Others Can't." Our lifts are compact and can access any space within a church, gym, or hall. We provide solutions for all your needs in accessing difficult areas and components. We change light bulbs and offer retrofitting of light fixtures. We also complete high access maintenance such as painting, ceiling repair, seasonal decorating, cleaning, and window washing.

We are the only aerial lift rental company specializing in churches. We serve Texas and its surrounding states and have assisted over one hundred churches throughout Texas, Arkansas, Oklahoma, and Louisiana. Recent projects include Mary Queen Catholic Church in Friendswood, Texas; Mount Hebron Missionary Baptist Church in Garland, Texas; and Travis Avenue Baptist Church and Christ Chapel Bible Church in Fort Worth, Texas. In addition, our numerous other clients include: DFW International Airport, Austin City Limits Music Festival, Great Wolf Lodge, Ford, American Airlines, Goodyear Cotton Bowl, Cowboys Stadium, Dell, and Blue Cross Blue Shield.

Our name says "solutions," not just "rentals," because we are different from all other aerial lift rental companies. Our expertise begins with helping you choose the right solution for your situation. Our advanced lifts are used indoors and outdoors, fit through a standard 36" door, and extend up to 110 feet high with a 45-foot horizontal reach. Your solution will include the right lift operated by our certified, trained, and experienced support personnel. We stay with the lift; bring it into the building; move, position, and level it; train and certify your staff in the use of the lift; and provide support on the ground for the duration of the project. Our approach minimizes liability, ensures maximum uptime, avoids wasted time on the job, and provides the best method for completing your job on time and on budget.

We are known for our commitment to delivering the highest levels of safety, quality, and professional service to our clients. It is important to us to maintain long-standing relationships and complete every project to the customer's satisfaction. Many of the churches we do business with compliment us and our employees on the way we respect their facility. We protect landscaping, cover your floors, and move and replace pews as necessary. We are the only business that always sends an experienced ground support technician (GST) with each lift to ensure your project is smooth, fast, economical, and safe.

High Access Solutions is a family-owned company. Paul Ptak and his wife, Debbie, started the company with one lift and worked out of their home. They parked the truck, trailer, and lift in their backyard. Now, twelve years later, the company has grown to operate nine lifts and an office/warehouse with seven employees. They are very proud of the service they provide their customers and the relationships they have developed over the years. Paul and Debbie have two children, a grandson, two great-grandchildren, and many nieces and nephews — they consider themselves blessed.

Be sure to visit our website, WeReachHigh.com, to see project photos and learn more about our services. Contact Aleysha@WeReachHigh.com to request a brochure or an estimate. For questions, please contact:

Humble Elevator Service, Inc.

Our Company

Humble Elevator Service, Inc. is an elevator maintenance, repair, and modernization company. We have been in business since 1985 and are licensed through the Texas Department of Licensing and Regulation. Our services include installation, maintenance, modernization and repair of elevators and other related equipment.

Our Employees

Employees play an important role in any business. We are proud to say that our technicians have been trained and certified through our International Union of Elevator Constructors Local 31 and National Elevator Industry Education Program and have completed safety classes and continue to renew all courses needed to maintain an active status in this program. Background screening and random drug testing are also a requirement for our certified elevator technicians.

 humbleelevator.com

We offer a full range of services for all your elevator needs:

- ★ New Installations
- ★ Monthly Maintenance Programs
- ★ Modernizations
- ★ Repairs & Upgrades
- ★ Annual Inspections
- ★ Cylinder Replacements

MAINTENANCE

Maintenance is the key to safe operation of all elevator equipment. HESI offers monthly contracts which include 12 site visits per year to maintain all elevator types.

REPAIR

Repairs can be inconvenient to the customer, but when they are necessary, we pride ourselves on providing timely service and competitive pricing with the personal attention of a local company.

MODERNIZATION

HESI offers complete modernizations for a variety of elevator and building types. We can customize a plan that addresses your unique modernization needs.

CYLINDER REPLACEMENTS

With years of experience doing countless cylinder excavations, HESI can provide information to help you understand the process of a cylinder replacement and assist you in planning for your specific site.

Why Humble Elevator Service?

- ★ Quick Personal Response
- ★ Timely Follow Ups
- ★ Monthly Maintenance Visits
- ★ Competitively Priced
- ★ Local Dispatching

Imperial Utilities & Sustainability, Inc.

Imperial Utilities & Sustainability serves companies, schools, and churches of all sizes, great and small. We have seen tremendous growth and increased desire for our services over the last few years, post Texas freeze 2021, and are consistently being approached by different types of energy equipment suppliers for support on reduction of utility consumption, return on investment analysis, and potential financing options on capital projects through utility providers.

Our company focuses on education, data mining, and energy consumption monitoring, providing analytical support for our clients looking to reduce their utility consumption through either monitoring or specific projects. This includes electricity, water, gas, and other utilities found on site. We educate customers about opportunities for savings available from utility providers.

The three most important products we provide are:

1. Monthly monitoring of utilities, not just electricity. Our analysis is much different than basic analytics provided by most companies. We focus on consumption, comparison against other similar facilities, demand level, power factors, and weather normalization.
2. Return of investment (ROI) and payback analysis on projects, immediate and future.
3. Assistance with utility-sponsored revenue generation and incentive rebate programs.

Educating our customers and potential customers on our services and the overlooked opportunities that may be available to those seeking a reduction in their energy consumption, is a priority for us. Our success is a result of two simple factors: our costs are low enough that organizations with low revenue streams can easily afford us, and we provide high levels of information that lead to reductions in utility costs that are much higher than the cost of our services.

Very often our customers find themselves trying to solve utility-related problems that are outside their scope of work but cannot afford to hire outside help. Over the years, our company and staff have gained a very deep perspective on many different issues. Combining that experience with our relationships with many contractors,

we often try to assist our customers free of charge. Our goal is to provide the most up-to-date information before the customer makes a decision on future capital expenditures and/or equipment enhancements/adjustments.

We focus on keeping customers for years, developing a true partnership. Relationships are important to us. Trust and friendship usually pay much higher dividends than people expect!

If you would like to learn more about our business and the services we provide, please visit our website at www.imperialsustainability.com. We are located at: 5909 West Loop South, Suite 260, Bellaire, TX 77401. Please feel free to contact Paul Brokhin @ 713.206.1565, Pbrokhin@imperialsustainability.com or Mark Patterson @ 713.598.1254, mpatterson@imperialsustainability.com.

The Woodlands • Dallas • San Antonio

Since 2001, Integrity Furniture has provided quality products and exceptional service to the churches and schools in the Church CO+OP. With over 200 manufacturers at our fingertips, we have provided furniture solutions for spaces with a variety of products that fit any design and budget.

Through our two websites, www.integrityfurniture.com and www.integrityfurniture.com, you will see a lot of the products we offer. It would be near impossible to show you everything we offer, but our websites should

give you a glimpse of how we can help you outfit your church or school. We also can send you an extensive list of testimonials from many CO+OP customers.

In many cases, Integrity Furniture can help you with the installation of our products. We would be on hand to meet the trucks, unload, assemble, and distribute the furniture to its final destination. This will help insure that all the products arrive as ordered and in proper condition.

When you choose Integrity Furniture as your furniture vendor, you are choosing a partner that will help you every step of the way, from product selection through installation. You will find furniture that fits your needs and your budget. Our professional and knowledgeable staff is ready to help you select and order your furniture. To set up a visit by our sales team in person or on the phone, give us a call at **1-888-398-8897**.

OUR MISSION STATEMENT:

“To HONOR God through our relationships with our customers and suppliers.”

“He has told you, O man, what is good; and what does the Lord require of you but to do justice, and to love kindness, and to walk humbly with your God?”

Micah 6:8 ESV

Ministry by Text

Communication between ministries and their communities is rapidly changing. Churches are not immune to the challenges of technology and its advancements. Ministries have had to learn how to take the gift of technology and use it for good.

With the advancement of technology, people can be reached at almost any time by a device the majority of people own today: a cell phone. With a phone in hand, people consume communication constantly. Ads. Social media. Email. Phones are the ideal way for ministries to connect with their communities.

MISSION

MBT exists to deliver the gospel of Jesus Christ to every nation, in every language, for every kingdom purpose.

The six pillars of Ministry by Text:

- Boost attendance
- Increase participation
- Promote serving
- Encourage giving
- Discipleship
- Outreach

THE TOOL

We accomplish our mission through the best communication medium in 2022: texting. MBT believes we have THE premiere tool at our grasp to advance the kingdom. Let's let the stats tell the story.

- 98% open rate within three minutes of being received
- Nine-in-ten consumers want businesses to communicate with them through SMS.
- On average, text messages are answered in 90 seconds. It takes 90 minutes for the average email response.

Our Software:

- Cutting edge technology
- Ease of use
- Affordability

Our desire is to equip you with an effective communication resource to improve execution, reduce operating cost, and support kingdom work. Following our roadmap for success, ministries can ultimately decrease total spending greater than the minimal cost of MBT.

PARTNERSHIP

MBT is passionate about partnering with ministries. We provide a consultative approach where you'll have an MBT Ministry Consultant giving you guidance based on a proven implementation strategy designed to meet your objectives.

All of these ingredients make texting the way you should be communicating with your people and MBT the premiere choice of texting company you should choose to work with.

IMAGINE

You develop a new ministry offering. You're excited to tell everyone about it. You email everyone. Less than half of the recipients open it. You put it out on social media. 3% of people engage with it. Then...

You partner with MBT. You have a ministry consultant take your established content, pass it through the filter of our MBT best practices, and then draft your text messages. You text out your new ministry offering. 98% of people open the text within minutes. Engagement increased.

Hear from one of our partners:

"When we launched this to our people, over half of them signed up on the very first day. Since that day we've been able to communicate clearly and effectively and instantaneously through mobile devices. It's saving us thousands of dollars a year.

We were also able to invite people in to be investors in what God was doing. God used that texting technology to meet people at their point of need and take them to a place that they wanted to go. At First Baptist Cleveland, we saw over 300 people saved and baptized, and a huge part of connecting with them was the texting opportunity made available from Ministry by Text."

- Jordan Easley, Senior Pastor, First Baptist Cleveland

please see ad on page 9

Show your congregation some love by providing comfortable sanctuary seating from Bertolini, the bestselling brand in church chairs. Stackable, lightweight, and highly durable, Bertolini chairs are a practical and attractive seating solution for churches across the country.

Backed by industry-leading warranties, Bertolini chairs are built with dual-density foam padding and ergonomic backrests so that your congregation can focus on the message and the music and worship in total comfort. Bertolini chairs come in multiple fabric options to match your décor, with custom options available.

Don't take our word for it! Here's what other ministries are saying about Bertolini seating.

"I was nervous when I placed the order, because the members of our church are typically resistant to change... However, I've heard nothing but positive feedback!"

– Crystal Renken, Facilities Committee Member,
New Life Church

"When people finally got to see the chairs on Sunday, they were gasping! It's so nice to have new pretty chairs and they do look wonderful in our worship center."

– Sherry Anderson, Operations Manager,
The Donelson Fellowship

"The chairs are more comfortable than our old chairs and have a wider seat. If I needed more chairs, I would go back to you guys."

– Ronnie Bell, Administrator, The Sharon Baptist Church

Find out how Bertolini worship seating and its sister brands MityLite and Holsag can uplift your ministry.

Modern Pest Control

We currently provide regular pest control services to churches, private schools, and day cares around the city. Please call us for a free estimate on how we can help you!

Modern Pest Control began operation in Houston in 1952. It was founded by the Brashier Family, and as such has continuously operated under the direction of the family since then. Our team of pest management professionals knows the pests of Greater Houston, receives rigorous training, and is licensed by the Texas Department of Agriculture. In addition, our management staff is also trained by the Food Industry Sanitation Auditors (FISA) and American Institute of Baking (AIB) to solve pest issues in food handling areas. You can rest assured that all of your pest management needs will be met by our highly trained commercial pest control technicians and experts.

At Modern, we take industry involvement and education very seriously. We are members in good standing of the National Pest Management Association and are proud to be among the top 3% of U.S. Pest Control Businesses who are QualityPro accredited.

At Modern Pest Control, part of our mission and core values is to give back to the communities we serve. Below is a list of charities with information about their mission. We participate in these organizations' local events in Houston, Texas, on an ongoing basis to give back to our community.

For over twelve years, we have worked with our customers to collect food every fall to donate to local food banks to help feed people who are considered food insecure, meaning they lack consistent access to enough nutritious food to fuel a healthy life. We raise over 1,000 pounds of food each fall to help feed people during the holidays.

The Periwinkle Foundation develops and provides programs that positively change the lives of children, young adults, and families who are challenged by cancer and other life-threatening illnesses and are cared for at Texas Children's Hospital.

Fore the Cure is a 501(c)(3) charitable organization created to raise money benefiting Texas Children's Cancer and Neurology Centers through the hosting of an annual golf tournament by a group of individuals with a passion for golf.

Bikes and Bugs was started in 2007 by Mark Wallis, Chris Nelson, and Dominic Mandola as a way to raise money for pediatric epilepsy drug research, and has grown each year.

Modern System Concepts

Providing Safety, Security and Peace of Mind Through Innovative Technology and Service Solutions

Modern System Concepts was founded in 1998 by Mark C. Popkowski. A company that would take the time to understand their clients' objectives and custom design systems to suit their needs and budget. A company that would be guided by integrity, honesty, and faith-based values.

For 24 years, that is exactly what Modern System Concepts has done. In fact, our very first customer, a Houston church, is still our client today.

We are problem solvers whose main priority is making certain that you have the information you need to make the right decisions for your church's security and technology needs. We've earned a reputation as a trusted technology partner throughout the Greater Houston area by consistently demonstrating the highest levels of integrity in our work and customer support. We work with the leading manufacturers to provide the highest quality products that can accommodate your church's growth and custom design each system to fit your project goals and budget.

Security, Video Surveillance, Access Control

Video surveillance has become an essential part of a comprehensive security system. The clarity, versatility and technology built into today's surveillance cameras give facility managers and law enforcement insight into events, provide verification for burglar alarms, and help improve safety. We offer enhanced video solutions ranging from a simple, single-site, closed-circuit television (CCTV) system to a complex multi-site, cloud-based system. We can also provide a free security assessment of your facility.

Fire & Life Safety Systems

MSC Fire and Life Safety Systems help you meet your local and national building and fire code requirements. As members of the National Fire Protection Association (NFPA), we understand and are current with safety and regulatory requirements. Our in-house design department with NICET Level IV engineers certified in fire alarm systems are ready to offer their expertise for your project.

Facility Inspections: Fire, BDA, Security & Video Cameras

Ensuring that fire alarm systems and BDA (Bi-Directional Amplifier) for Emergency Responder Radio Coverage are operating correctly is critical. MSC can help you meet all state, local, and national fire code requirements. Our inspections are performed by trained, certified technicians and MSC provides a detailed digital inspection report of the results.

Technology Solutions: IT/Networks, Audio/Video, Phone, Paging & Intercom Systems

By combining innovative technologies, resilience, and responsiveness, we deliver the finest in IT/network, audio/video, and voice communications. MSC can design and implement a plan that not only fits your needs and budget now, but can be expanded as needed.

Professional Monitoring

Already have a security or fire system? We can take over monitoring of most types of systems. You'll get our UL-certified, professional monitoring 24/7/365, a great rate, and MSC's premiere customer care. Our experienced technicians can also review your existing system with you to ensure that it still meets your needs.

To learn more about Modern System Concepts, visit us online at modernsys.com or call (281) 599-7388.

30 YEARS AND GOING STRONG! | NOW SERVING CENTRAL TEXAS AND BEYOND!

National Signs

CREATING LANDMARKS TOGETHER.

National Signs, headquartered in Houston, is the recognized leader in creating unique and effective signage for worship facilities of all denominations.

Over the last 30 years, National Signs has grown to become one of the largest custom sign manufacturers in the country know for our commitment to quality design, fabrication and friendly customer service. We know that the signage we create is an extension of our customers and our relationship first approach ensures you'll feel great about choosing us as your signage partner.

As a true "one stop shop" for churches, National Signs does everything from sign design all the way through fabrication and installation. National Signs also offers in house Sign Service so whether you need a brand-new sign, or just need to freshen up your current sign, we're here to help!

If your church has digital aspirations, National Signs is also a top provider of LED digital display boards in the country and can handle everything from your curbside monument sign all the way to your interior common spaces, communicating dynamic messaging to the community.

All of the products and services mentioned above come to life at our 60,000 square foot facility just south of the Texas Medical Center. Complete with multiple CNC routing tables, large paint booths and overhead cranes for lifting large signs, our facility lends itself well to creating entire campuses worth of signs all at once.

National Signs is also proud to offer a full 5-year Warranty that covers all parts and all labor on all signs that we create. This means that we are only a phone call away from getting your signage back to brand new in the event it needs repair.

National Signs has been a proud CO+OP supporter for many years. During that time we have crafted some of the most beautiful and inspiring signs for CO+OP members, and we look forward to creating even more in the years to come.

Call National Signs at 713-863-0600, or visit our website at NationalSigns.com to see our latest creations and learn more about how we can help your church communicate more effectively.

Ratliff & Associates, PC

Who We Are: Ratliff & Associates, CPAs, P.C., or “R+A”: For over 25 years, our firm has worked only with nonprofits like yours. Since most of our clients are churches, we are known throughout the community as “the church auditor.” Each year, we work with about one hundred churches, Christian ministries, schools, and foundations across Texas and around the country.

R+A Mission: Accounting for The Mission (the good news of Jesus!)

R+A Motto: In God we trust, all others we audit.

R+A Services: We are dedicated to providing attest and related nonattest accounting services, which include financial audits, reviews, and compilations, as well as 990 preparation, consulting, and other related services to nonprofits, especially Christ-led churches and organizations.

Our Leader: Mr. Ashley Voss, CPA, is the owner and CEO of R+A. Ashley joined the firm in 2008 and has led the R+A team since 2017. Ashley started his CPA career in 2002 with Ernst & Young in Fort Worth, Texas. But his ministry and calling to be a CPA to nonprofits started in the late 1990’s when Ashley was a correspondence writer for Dr. James Dobson at Focus on the Family in Colorado Springs. From there, Ashley studied in seminary to be a church pastor. However, after “wrestling with God” for a year, he felt called to get his CPA rather than a Master of Divinity. Almost ten years later, Ashley’s prayer to be in ministry was answered when he met John Ratliff, our firm’s founder, one Sunday at the church they were both attending. Soon after, Ashley joined the growing firm of R+A. These days, Ashley enjoys helping others — whether it’s a new staff member joining our team, or a new client engaging us to perform an audit — to realize their calling as CPAs and accountants for The Mission.

ACCOUNTING FOR THE MISSION

Ridley's Vacuum and Janitorial Supply

At Ridley's Vacuum and Janitorial Supply, we take cleaning seriously because we believe everyone should have access to clean, beautiful public and private spaces. We are a Houston-based source of cleaning products and equipment that operates throughout Texas. We carry a full line of vacuums, cleaning supplies, chemical supplies, and janitorial supplies for any need, no matter how big or small, for residential applications, commercial businesses, and churches and nonprofits.

At Ridley's we only sell products that we would use ourselves. We know what the customer would like in a product, and that's what we deliver. When it comes to getting the dirt and grime out, we have a wide selection of products to choose from. And because we've been in business since 1961, we can provide you with expert recommendations and dependable parts and repair services. The supplies we offer include those for floor and carpet care, chemical cleaning, personal hygiene, skin care, and paper supplies. We can also supply you with janitorial equipment that includes large and small machine sales, rentals, on- and off-site repairs, demonstrations, and warranties. We are proud to make available to you products that represent the newest technologies on the market.

Ridley's offers excellent customer service. We take pride in the fact that we go above and beyond for our customers. We give our customers access to the personal cellphone numbers of our sales team. We have chemical and equipment specialists available to aid in choosing the right product for the right job.

We provide on- and off-site equipment repairs by our expert crew. We usually do small machine repairs in our shop (our hours are Monday – Friday 8:00 a.m. – 5:00 p.m.). We can either do large machine repairs off-site, or we can bring the machine into our shop.

We have experience working with churches and non-profits, including First Baptist Church of Pasadena, Texas; Faith Assembly of Pasadena; and Faith Springs Baptist Church of Pearland.

Ridley's Vacuum and Janitorial Supply has been family owned and operated since 1961.

We are very family oriented, and are active in and support our local community as well. Ridley's is women-owned and is a part of the Women's Business Enterprise National Council and the National Association of Women Business Owners.

You can find more information about our business through our website: www.RidleysOnline.com. We can provide you with brochures, booklets, and pamphlets as well.

We are located at

3700 Reveille Street, Houston, TX 77087

Phone: (713) 649-4141 | Fax: (713) 649-4121

Feel free to use the following email address exclusively for Church CO+OP members: ChurchCOOP@RidleysOnline.com

You can also contact:

Salem Media/KKHT 100.7 FM

KKHT 100.7 FM The Word is owned and operated by Salem Media Group, America's leading radio broadcaster, internet content provider, and magazine and book publisher. We target audiences interested in Christian and family-themed content and those who hold conservative values.

The Salem Radio Network, which syndicates talk, news, and music programming to approximately 2,700 affiliates, a national radio advertising sales force; Salem Web Network, a leading Internet provider of Christian content and online streaming; and Salem Publishing, a leading publisher of Christian-themed magazines.

KKHT is called The Word because that's what we air all day long: great ministry programs teaching God's Word. We believe programs like Turning Point with Dr. David Jeremiah, In Touch with Dr. Charles Stanley, Focus on the Family with Jim Daly, Impact Church with Dr. Roche Coleman, and Peace by Believing with Jon Redmond can bring hope and inspiration to our listeners every day.

The other side of our business is advertising through Salem Surround. Salem Surround is a national advertising platform that helps businesses and ministries grow their audiences and customer base. As an advertising platform, we focus on the things that bring the people to you. We believe in a multimedia approach using radio, connected TVs, smart devices, social media, and the world wide web.

Using this blend of media and our own curated audience, Salem Surround can connect organizations with high-earning consumers that are conservative, churched, educated, and family-oriented that will hear your messages over the air ways and online.

CO+OP members can benefit from a partnership with KKHT in several ways:

- KKHT is a platform for ministry and Christian values, so advertising on KKHT means your organization will be showcased in an environment that reflects your values.
- KKHT listeners know and trust us to showcase advertisers that we have vetted and approved.
- We only allow organizations that reflect our core values to advertise on KKHT.

For information, contact Bernard Lee at bernard.lee@salemradiohouston.com or call us at 713-296-9380.

The advertisement features a blue background with a city skyline. In the top left is a logo of a globe with blue and yellow dots. To its right, the text 'SALEM SURROUND' is written in large, bold, blue capital letters. Below this, a white text box contains the message: 'We partner with businesses to deliver prescriptive marketing solutions to help meet their goals and exceed their expectations.' At the bottom, a yellow banner contains the '100.7 FM THE WORD' logo, the text '100.7 FM-KKHT is your trust worthy source for Christian Teaching and Talk in South East Texas', the phone number '713.260.3600', and the slogan 'FAITH COMES BY HEARING'.

Sherwin-Williams, Co.

The Sherwin-Williams company delivers the best in paint and coatings products to the world. Every day, our more than 60,000 employees provide the energy and experience to build on our track record of success – enabling us to innovate and grow in new and exciting ways. With our people as the foundation of our Company, we offer industry-leading innovation, value-added service and expertise, and differentiated distribution to our growing base of professional, industrial, commercial, and consumer customers.

Sherwin-Williams has one of the industry's most recognized portfolios of branded and private-label products. The company's Sherwin-Williams® branded products are sold exclusively through a chain of more than 4,438 company-operated stores and facilities in the United States, Canada, the Caribbean, and Latin America.

Church Co-Op/Sherwin-Williams Partnership

The Church Co-Op and Sherwin-Williams have partnered to be the exclusive paint provider in the program. With this exclusive partnership, Church Co-Op members are provided with, and not limited to, the following deals and services:

- Incredible discounted pricing on many key products, with all paint at least 35% off list price and paint accessories at least 28% off list price
- Specific preferred accounts for each member church/location to be able to track and keep history of all purchases
- Dedicated sales representatives in each market to provide on-site recommendations and support
- Team of over 150 floorcovering stores and reps in each market to provide flooring recommendations, sales, and installations

Cover Your Ministry in Sherwin-Williams Paint

- Innovative coatings to get the job done quickly
- A broad selection of paints and stains, applicators, and painting supplies
- Exceptional color selection tools
- Paints that meet the most stringent environmental regulations
- Competitive pricing
- Expert advice and exceptional service from a store near you

- Scalable operations able to handle any size project.
- Leading edge technology.

Comet Signs COMPANIES

Bringing brands to life since 1958

State Sign is the Houston branch of Comet Signs, a national, full service, financially stable, on premise sign company based in Texas. With offices in five key Texas markets, three of which house over 250,000 square feet of state of the art manufacturing facilities, we are able to produce pylons, cabinets, channel letters, vacuum form faces and digital graphics for sign projects large and small. In addition, we have a full line neon production and repair shop, and partner with only the best in class electronic message center manufacturers.

TES Energy Services, LP

TES Energy Services, LP started out in utility construction in 1949 as general contractors and then branched into electricity deregulation over 18 years ago. If you're not familiar with TES, they negotiate the lowest cost for electricity — under market rates — particularly for churches and schools. They put the retail electric providers into “bidding wars” for your business. Through careful negotiation, the lowest possible rates are provided to your organization. TES also has pre-negotiated specific terms and conditions to benefit non-profits, and created a “Power Buying Pool” of churches to create a large, combined group of contracts to negotiate with the provider community. This has successfully brought an under-market rate to hundreds of churches, schools, and non-profits, and the number is continuing to grow. TES can review your current account for operating efficiency, demand response, power factor correction, and lighting retrofitting. Along with providing low-cost electricity and their other services for your facility, they also provide low-cost electricity for your home. They have contracted with some of the largest megachurches down to the

smallest neighborhood churches in Texas, and have helped them lower their utility bills up to 40% by our “Power Buying Group” and our other cost-saving services. TES has a powerful set of partner companies to assist customers, along with the rest of the CO+OP vendor team. TES Energy is a national company, doing business in all deregulated states. CO+OP customer support is backed by the office staff, and the corporate team managers include John Blunt as Sr. Certified Energy Consultant, and Pat Teague as CEO and the executive manager for the CO+OP account. They are all involved with and support every CO+OP account. TES Energy Services, LP is certified by TEPA, The Energy Professional Association. Every energy consultant at TES has been certified through extensive testing by TEPA in energy industry knowledge and experience. To use their services or to get more information, contact John Blunt: john@tesenergyservices.com Direct line: (214) 697-0567

Voss Lighting

Founded in 1939, Voss Lighting is a distributor of light bulbs, fixtures, lighting controls and various other lighting related products from quality manufacturers. We currently have 14 branch locations across the nation, servicing multiple market segments.

In addition to product distribution, we provide energy audits, interior and exterior lighting analyses, as well as turn-key lighting solutions by licensed and insured electricians.

The mission statement of our CEO, Mike Voss, "Is to provide energy saving lighting products and customized project solutions with courteous, dependable, and knowledgeable service for the mutual benefit of both our valued customers and our various vendors...all for the glory of God through serving Jesus Christ, our personal Lord and Savior."

At Voss we strive to reflect this commitment in our personalized customer service. Our commitment to our mission gives us unique acquaintance with the priorities and needs of churches and faith-based institutions. With a proven track record of working with a large customer base of churches and non-profits nationwide, we are ready to service your lighting needs.

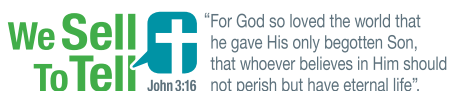

In Houston, we are located at 5656 N Sam Houston Pkwy E, Ste 180. Our business hours are 8:00 am to 5:00 pm, Monday – Friday, and we have representatives available both before and after our normal business hours for emergency calls.

If you desire additional information, please visit our website www.vossilighting.com, or call our office at 713-996-8060, to speak with one of our qualified team members.

Bringing a better light to our world, since 1939.
